

ZENITH UNITED
ELECTRIC CORPORATION

ELECTRICAL | LIGHTING | VENTILATION
SOLUTIONS

www.zenithunited.com

ABOUT US

Zenith United Electric Corporation provides complete, reliable and integrated solutions for the electrical, lighting and ventilation requirements of major industries in the Philippine territory.

Zenith United started in 1977, originally as Zenith Electrical & Industrial Supply Corporation, an importer and distributor of high quality electrical and industrial products, steadily establishing its reputation as a reliable supplier in the industry.

In 2016, the company added the ventilation company Indola International Phils., Inc. into its fold, thereby expanding its product portfolio to include ventilation solutions, and launching as a new company under the name Zenith United Electric Corporation.

Zenith United carries forward the company's long-standing commitment to customer satisfaction and aims to continuously innovate and provide dependable quality solutions and services for its valued clients.

Zenith United aims to ensure solutions will deliver benefits for its customer partners aligned to their business and operational needs by:

- Listening to understand the specific requirements of the clients' project
- Partnering only with reputable global manufacturers to ensure quality of products
- Offering integrated, energy-efficient, and reliable solutions that will address their requirements and also minimize long-term maintenance costs and efforts.

OUR COMMITMENT TO QUALITY SOLUTIONS

With over 40 years of experience in the industry, we have crafted a promise of delivering only quality products and solutions by partnering with reputable global manufacturers.

01

ONLY QUALITY PRODUCTS

As top-notch solutions provider for electrical, lighting and ventilation, we take pride in careful selection of products on our solutions portfolio by partnering with globally-known manufacturers with international standards compliance and certifications. With only quality brands of products in our list, we ensure that the integration to complete a solution is compatible, and fit to serve your business requirements.

02

THE RIGHT ADVICE

With years of experience and continuous trainings here and abroad, our sales and technical teams are equipped with in-depth knowledge of the industry, solutions, products and latest technology in electrical, lighting and ventilation. We are committed to continuously learn new and innovative techniques to ensure that our advice matches your needs and provides significant benefits to your business in terms of operations efficiency, safety and cost savings.

03

RELIABLE SERVICE

Our partnership covers pre sales to post sales; from design consultation, selection advice, on time delivery, installation to maintenance. We understand and value the importance of on-time project turnover and reliable after sales service as it is our objective to ensure that you will be able to maximize the benefits of our solutions.

ZENITH UNITED
ELECTRIC CORPORATION

**WE PROVIDE COMPLETE,
RELIABLE AND INTEGRATED
SOLUTIONS FOR THE ELECTRICAL,
LIGHTING AND VENTILATION
REQUIREMENTS OF MAJOR
INDUSTRIES IN THE PHILIPPINES.**

INDUSTRIES

- » PETROLEUM REFINERIES
- » COLD STORAGE
- » PAINT MANUFACTURING PLANTS
- » FOOD AND BEVERAGE
- » UTILITY
- » TELECOMMUNICATIONS
- » WAREHOUSE
- » SHIPYARD
- » WATER AND WASTEWATER TREATMENT
- » ALTERNATE ENERGY SOURCES
- » AUTOMOTIVE
- » CHEMICALS

- » OIL AND GAS
- » POWER GENERATION
- » PULP AND PAPER
- » COMMERCIAL AND INDUSTRIAL CONSTRUCTION

EXPLOSION-PROTECTION SOLUTIONS

Appleton is the most trusted, rugged electrical solutions for industrial and hazardous environments across the world, Appleton offers extensive selection of products like explosion-proof lighting, enclosed and gasketed lighting, ex-proof switches, pilot lights, & control stations, plugs & receptacles, and enclosures, boxes, & fittings applicable for hazardous and industrial environments.

EXPLOSION-PROOF LIGHTING FIXTURES

ENCLOSED & GASKETED LIGHTING FIXTURES

ATX pushes safety to the extreme, their products are suitable for illumination, control and connection requirements in extreme conditions especially for hazardous locations where corrosive elements, combustible dusts, flammable gases and vapors are present.

EXPLOSION-PROOF LIGHTING

EXPLOSION-PROOF PLUGS & RECEPTACLES

Schuch is the world's leading manufacturer of linear explosion-proof light fittings, Schuch stands at every forefront of every major industry like, large chemical and petrochemical plants, offshore drilling platforms and power stations.

EXPLOSION-PROOF LIGHTING

Rose offers an array of products which includes control stations, terminal and empty enclosures applicable for all hazardous environments for increased safety; its products are made from stainless steel, polyester and aluminum.

EXPLOSION-PROOF BOXES & ENCLOSURES

Gewiss has established itself as a leading international manufacturer of systems and components in lighting and an innovative manufacturer in the production and marketing of solutions for energy and lighting. Gewiss' revolutionary lighting system provides efficiency and reliability, their products are energy efficient and can be easily operated.

WEATHERPROOF LIGHTING

PRODUCTIVITY

MADE IN ITALY

SBP covers a wide array of technical lighting which includes lighting for urban and architectural applications.

FLOODLIGHTING

INDUSTRIAL LIGHTING SOLUTIONS

Lithonia is committed to designing and providing sustainable lighting solutions that are enabled and enhanced by state-of-the-art technologies like their LED lighting products that are applicable for industrial and commercial environments.

HIGH BAY LIGHTING

Sunoptics prismatic skylights use superior optical design to bring in 100% natural light ideal for commercial and light industrial applications. Signature Series captures more light at low-light levels than any other passive skylight in the market today.

DAYLIGHTING

INDUSTRIAL LIGHTING SOLUTIONS

PRODUCTIVITY

Hubbell lighting offers comprehensive lighting solutions that meet the requirements of customers. Hubbell products are strong and dependable, it offers solution for all sports lighting, arena lighting, sign, facade, area, accent and general security lighting.

SPORTSLIGHTING

Britech has the perfect solution for warehousing, production facilities and under canopy applications.

HIGH BAY LIGHTING

Point Lighting obstruction light uses the latest high intensity LED technology in specification grade fixtures. It is ETL & CSA listed for use in wet locations and ICAO & FAA certified. Point Lighting is the only manufacturer that uses glass and metals, no plastics, in the exterior construction.

OBSTRUCTION LIGHTING

Dual-Lite sets the standard for excellence with the broadest selection of commercial and industrial life safety solutions. Dual-Lite offers innovative emergency lighting products and energy saving exit signs that are aesthetically pleasing and are applicable to diverse environments.

EMERGENCY LIGHTING

EXIT LIGHTING

Philips Lighting continues to pave the way in the lighting technology development as it allows ground-breaking designs of inspiring purity and beauty with products that are efficient and environmentally safe to use.

LAMPS

Universal Lighting Technologies is a global leader in designing and manufacturing of lighting ballasts they are also known for the quality and reliability of the products they offer.

HID BALLAST

LOW-VOLTAGE SOLUTIONS

ABB provides a full range of low voltage solutions to connect, protect, control and measure a wide range of electrical installations, enclosures, switchboards, electronics and electromechanical devices.

MAGNETIC CONTACTORS, MINIATURE CIRCUIT BREAKERS & MOLDED CASE CIRCUIT BREAKERS

McGill offers the best choice when it comes to enclosures or panel boards with its various sizes and finish to choose from.

METAL ENCLOSURES

RELIABILITY

Penn-Union's products and services are in compliance with the international quality standards, their products are guaranteed to be of high quality. Penn-Union is also a reliable and committed solutions provider for connectors, lugs, reducers, small terminals and clamps among others.

CONNECTORS & TERMINAL LUGS

ILSCO is committed to product innovation; known in the industry for its mechanical and compression connectors which can accommodate various applications with its wide range of product offerings. ILSCO products also provides low contact resistance.

MECHANICAL & PANEL BOARD LUGS

Gewiss is a leading international manufacturer of systems and components for low voltage electrical installations. Gewiss has established itself as an innovative manufacturer in the production and marketing of solutions for energy.

MINIATURE CIRCUIT BREAKERS

MADE IN GERMANY

Wöhner busbar technology offers the latest solutions for the safe use of electrical energy. From busbar, busbar supports, circuit breaker adapters, to in-feed/connection modules, Wöhner products offer high capacity components and maximum protection designed for all requirements. Wöhner's busbar systems are versatile, ideal and cost effective due to its compact design and quick assembly contacts.

BUSBARS

IDEC provides products and services that conform to international standards and meet the needs of diverse working environments. IDEC Automation solution continues to advance, creating new possibilities in the manufacturing environment where machine interaction is easier, safer and more secure.

CONTROL & AUTOMATION DEVICES

Hanyoung Nux is South Korea's automation giant. It is a solutions manufacturer for various automation applications like temperature controller, measurement instruments, timers and other products are globally competitive in terms quality and technology.

CONTROL SWITCHES, TEMPERATURE CONTROLLERS, TIMERS & SENSORS

CONTROLS, AUTOMATION & SIGNALING SOLUTIONS

WERMA is a leading optical and audible signal devices manufacturer. WERMA products make automated processes more transparent with its line of signal solutions that features process efficiency, high level of visibility and flexible mounting options.

- OPTICAL-AUDIBLE SIGNAL DEVICES
- OPTICAL SIGNAL DEVICES
- AUDIBLE SIGNAL DEVICES
- SIGNAL TOWERS

Gewiss' IEC 309 High Performance products is a high-end range of industrial connections that delivers outstanding performance, functionality and technical features. The range boasts a fully comprehensive assortment of products to create multiple applications for industrial system and make installation even simpler and easier.

PLUGS, SOCKETS, CONNECTORS & BOXES

Power quality problems can disrupt production, damage equipment and corrupt valuable data. Sola Hevi-Duty total power quality solutions keep production lines moving while keeping people, equipment and information safe. Prevent the costly effects of poor power quality with their comprehensive line of products that convert, protect and backup power throughout production facilities.

TRANSFORMERS

nLight® is a networked digital lighting control system that provides both energy savings and increased user configurability by cost effectively integrating time based, daylight-based, sensor-based and manual lighting control schemes.

NETWORK LIGHTING CONTROL SYSTEM

LIGHTNING & GROUNDING PROTECTION SOLUTIONS

Kumwell has designed Grounding & Lightning Protection System in accordance with international standards and has provided stable safety foundation in various countries' infrastructure starting from electricity sector, generation plant, transmission line, substation and distribution line, modern mass public transportation—metro lines, sky train, subway, and data centers, telecommunication, high speed train, petrochemical, oil & gas industries, food & chemical industries, real estate sector and housing sectors.

LIGHTNING PROTECTION & GROUNDING SYSTEM

ABB provides products and solutions that meet both customer and regulatory requirements as well as its commitment to continuously improve its prevailing systems and processes. ABB's lightning and grounding protection system is designed to prevent direct lightning strikes to keep people and property safe.

LIGHTNING PROTECTION SYSTEM

SECURITY

MOTORS AND DRIVES SOLUTIONS

ABB's motors and drives are designed to empower productivity and efficiency providing flexibility to help businesses optimize process, control and reliability. ABB's comprehensive range of reliable and high efficiency motors and drives are designed for all types of applications. Developed to help every industry and application reach new levels of efficiency and energy savings even under the most demanding conditions. It combines the best available materials with superior technology, ABB motors and drives are designed to operate reliably no matter how challenging the process or application.

MOTOR

DRIVE

OPTIMIZE

VENTILATION SOLUTIONS

Indola is a leading distributor of ventilation and consumer durable products. Indola offers a comprehensive range of propeller fans aerodynamically designed to give maximum air volume with minimum electrical consumption.

HEAVY DUTY PROPELLER FANS

Vents, a worldwide leader in ventilation operates one of the largest state-of-the-art production facilities in Europe. It is the only European ventilation manufacturing company recognized by AMCA and HVI.

KITCHEN / BATHROOM FANS

IN-LINE CENTRIFUGAL FANS

Rio provides high performance and quality ventilation products in the market at a very competitive price suitable for commercial, residential and institutional applications.

OSCILLATING FANS

High quality BROAN ventilation fans offers a variety of performance levels, functionalities and styles to suit each need in any environment.

BATHROOM FANS

IN-LINE FANS

EXHAUST FAN

Helukabel is one of Germany's leading cable companies, boasting an extensive range of cables, wires, special cables, media technology, cable accessories, as well as data, network & bus technology, cable protection systems for robotics and handling systems.

CONTROL & POWER CABLES

GAON manufactures wide-range of wires & cables including data, optical, and power, more specifically, low and medium voltage power cables suited for commercial and industrial applications

MEDIUM VOLTAGE POWER CABLES

CABLE & CABLE MANAGEMENT SOLUTIONS

CONNECTION

As a specialist in developing and producing marine cables for more than thirty years, Helkama's cables are lightweight compared to others and offer only halogen-free cables which improves the fire safety of the ships. The range includes both flame-retardant and fire-resistant cables. Helkama's marine cables are ABS Quality Evaluations Inc. and Lloyd Register Certified.

MARINE CABLES

PT. Sumi Indo Kabel Tbk. is one of the biggest in cable and wire industries in the world, it is engaged in the manufacturing high quality conductors, power cables, control cables, telecommunication cables, copper conductors, fiber optic cables and fire-rated cables.

POWER AND CONTROL CABLES

Nexans brings energy to life through an extensive range of cables and cabling solutions that deliver increased performance. All cables manufactured, including instrumentation cables are lead-free and RoHS compliant.

INSTRUMENTATION CABLES

SEC's multicore armored power cables are certified and recognized globally. Product ranges are from low to medium voltage cables.

LOW VOLTAGE POWER CABLES

CONDUITS, FITTINGS, BOXES AND RACEWAYS SOLUTIONS

ROBUST

McGILL

McGill offers the best choice when it comes to conduit and fittings for industrial and commercial applications. McGill's conduit are made from premium steel, hot dipped galvanized, corrosion resistant, and had undergone special designed bead removing process for wire protection and easy wire pulling and pushing.

CONDUIT PIPES

CONDUIT FITTINGS

METALLIC BOXES

WEATHERPROOF BOXES

CONDUIT BODIES

CHANNELS

SPAIN

Unex cable tray is the most diverse cable distribution system in the market offering solutions for mining, transportation, photovoltaic, power distribution, healthcare, sea, and port infrastructures.

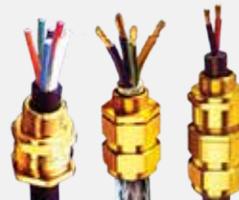

CABLE TRAY

U.K.

CMP, offers a wide range of cable glands applicable for varying environmental installation requirements such as industrial, mining, marine and other hazardous areas. When it comes to critical installation, quality and reliability, CMP is the best choice in all types of cable termination.
